ABOUT ME

I am a solution-oriented software developer specialized in Backend and Full-Stack development. I have experience building high-performance applications using technologies such as Spring Boot, Golang, and React. I have provided efficient solutions in various projects with a focus on API development, secure authentication, and performance optimization.

EDUCATION

Gazi University Computer Engineering

2021 - 2025 GPA: 3.48

WORK EXPERIENCE

BACKEND DEVELOPER INTERN **Sigun Bilgi Teknolojileri ve Danışmanlık A.Ş**

I developed RESTful APIs using Spring Boot and PostgreSQL, and implemented improvements to enhance the performance of existing systems. I researched JWT-based authentication processes and integrated them into the applications

BACKEND DEVELOPER INTERN **HAVELSAN A.Ş**

I contributed to an open-source project that monitors Linux and Windows machines over the network using Golang. In this project, I worked on development tasks involving Golang, PostgreSQL, and Linux-based systems. I implemented various optimizations to improve system monitoring and management

PROJECTS

Event Platform - React, Tailwind CSS, Spring Boot, JWT, REST API

An event organization system including modules such as local event discovery, ticketing, user profiles, and an admin panel.

Internship Platform- React, Tailwind CSS, Spring Boot, JWT

An education management system for internship tracking, mentor approval workflows, and PDF report generation.

URL Shortener and QR Code Service - React, Tailwind CSS, Go, Redis - shorterly.net

A service structure offering link shortening and automatic QR code generation.

ProcGuard - Golang, Spring Boot, React, Tailwind CSS, JWT - <https://procguard.netlify.app/>

Process,cpu,ram disk vb. istatistiklerini agent aracılığı ile merkezileştirmeyi sağlayan sistem

For my other projects, you can visit my GitHub profile: github.com/KadirOzerOzturk

SKILLS

Backend: Spring Boot, Go, RESTful API, JWT, Database Management

Frontend: React, Tailwind CSS, Redux, Axios

Tools: GitLab, Git, Docker

LANGUAGES

English: B2
